## SOFTWARE DEVELOPER INTERN

### Kick-start your career in software development

Looking to gain real-world experience and work alongside experienced developers? This is your chance to build your skills, contribute to real projects, and grow in a dynamic team environment.

### What you'll be working with

- .NET (C#)
- Microsoft SQL Server

You'll gain hands-on exposure to building, maintaining, and improving real business applications using these technologies.

### What you'll be doing

- Assist in developing and testing software applications.
- Write clean, efficient, and well-documented code.
- Collaborate with developers on technical solutions.
- Troubleshoot, debug, and improve existing systems.
- Support the rollout of new features and enhancements.
- Contribute to technical documentation and user guides.
- Participate in team meetings and provide progress updates.
- Stay up to date with industry trends and technologies.
- Assist with ad-hoc development projects when required.

### What we're looking for

- Recent graduate or final-year student in:
  - Computer Science
  - Software Engineering
  - Information Technology or related field
- Experience in Software Development will be advantageous.
- Basic knowledge of .NET / C# and SQL
- Strong problem-solving skills and attention to detail.
- Willingness to learn and work in a team environment.
- Good communication skills.

## What you'll gain

- Hands-on experience in a professional tech environment.
- Exposure to real business projects and systems.
- Mentorship from experienced developers.
- Opportunity to grow your skills and build your portfolio.

## Important Info

- Full-time internship (3 months).
- Based at our Illovo office.
- Potential opportunity for longer-term growth based on performance.

## How to apply

Send your CV to: [aarecruitment@africanalliance.com](mailto:aarecruitment@africanalliance.com)

 Closing date: **31 July 2026**
